Reference: Your memorandum to this office dated 10 September 1948, subject as above.

1. The need for providing medical services at your bureau is clearly recognized by this office. An effort is being made to determine a legal basis for expending U. S. government funds for this purpose. You are requested to submit your estimate of the monthly cost of providing medical service as outlined in your memorandum in order that a request may be initiated by this office for a regular allotment of funds.

2. After preliminary investigation it appears that authorization of this project will be contingent upon a favorable determination by the Legal Counsel and approval by the Director, CIA.

3. You will be advised as to the course of action to follow at the earliest possible date.
